Speaker: Linda Abbott Trapp

Topic: The local Flora & Fauna

Linda Abbott Trapp will be speaking on the local flora and fauna. Linda is a well known author and speaker on subjects such as horticulture and human behavior. Her book "Ornamental Plants and Flowers of Tropical Mexico" was written in Puerto Vallarta and is an excellent guide to the flora and fauna found in Mexico.

Now, in semi-retirement, she has written Letters to My Granddaughters; Insights and inspiration for a life journey. The book combines the insights of psychology, the guidance of wisdom borrowed from many cultures, and the experiences of a full life, to bear on the questions that inevitably arise in trying to make sense of life. A veteran of radio and TV shows in her academic years, she now is actively seeking forums for discussing the topics in the book, hoping to stimulate active thought and discussion about these central issues. You can see more information on her and her books at <http://www.abbottpub.com/default.htm>
